

Instructions for Qualatex® Harvest Harry Wall Hanging

Labor: About 15 Minutes

Materials:

1 18" (46cm) "Happy Jack-O'-Lantern" Microfoil Balloon 74948

12" (30cm) Cardboard Round

Straw Hat & Black Crow

Indian Corn & Corncob Pipe

Silk Leaves & Natural Raffia

Cool Glue & Carpet Tape

Instructions:

- 1.** Air inflate the 18" balloon and glue the tail to the back of the balloon.
- 2.** Attach carpet tape to the back of the 18" balloon. Press the balloon onto the cardboard round, smoothing the seams as you push.
- 3.** Cut the straw hat in two. Glue half of the hat onto the balloon. Glue strips of raffia to the balloon, between the balloon and hat.
- 4.** Gather strips of raffia (about 18" long) together in a bundle and secure in the center with a smaller piece of raffia. Glue the bundle to the bottom of the balloon. Glue extra raffia strips to the middle of the bundle to complete the "collar."
- 5.** Glue the leaves, corn, and the crow to the hat. Glue the pipe to the balloon.

TIP

To conceal the cardboard round, cover it with an 18" Microfoil Round balloon. First, stick 1" lengths of double-sided carpet tape around the edge of the board. Cut off the seam of the Microfoil balloon. Place the board, with the double-sided tape up, in the center of one of the balloon halves. Pull the edges of the Microfoil balloon up and over the board and stick to the tape.
